

>>> **FENZY PANORAMASQUE**

SELF-CONTAINED BREATHING APPARATUS MASK

FIRE CHEMICAL OIL & GAS NUCLEAR

The Fenzy Panoramisque is a full face mask with a wide field of vision without visual distortion.

Thanks to its design, the wearer enjoys visual and breathing comfort. The mask provides a tight fit on all face shapes and high thermal and chemical resistance.

Compatible with all the SCBA of the Fenzy range, Fenzy Panoramisque is used in Fire or in Industry, where the atmosphere is toxic or oxygen-deficient (under 17%).

FENZY PANORAMASQUE

SELF-CONTAINED BREATHING APPARATUS MASK

COMFORT

- Face piece and internal half-mask made of high quality EPDM.
- Ergonomic design: adapted to all face shapes.
- Minimized breathing resistance.
- Exhalation valve adjusted at 5 Mb.

PERFORMANCES

- Excellent field of vision, without any optical distortion.
- Visor made of anti-scratch and anti-chlorine coated polycarbonate.
- Excellent thermal stability and resistance of material (class III).
- High-performance speech diaphragm compatible with Fenzy communication devices.
- Fenzy Air-Klick quick coupling type bayonet.

MODULARITY

- Available with 3 fastening systems (5 head straps, Nomex® net, with fastening kit for helmet type F1).
- Compatible with two positive pressure lung demand valves (LDV) with bayonet connection:
 - Fenzy Zenith (automatic positive pressure activation and deactivation)
 - Fenzy SX-Pro (automatic first breath activation).
- Available as an auxiliary rescue mask version (with Fenzy demand valve, MP hose, quick coupling).
